

Registration now open for #EFIB2022: benefit from the early bird fee

NEWS RELEASE

Brussels, Belgium – 11 April 2022 EFIB 2022 [registration is open](#) as of 11 April 2022.

26-27 October 2022, more than 500 industry leaders, SMEs representatives, policy makers and academia are expected in Vilnius, Lithuania to join Europe's leading event on industrial biotechnology and the bioeconomy under the title '[Next generation economies: Industrial biotechnology for a sustainable society](#)'. The Forum will be hosted by the Lithuanian Biotechnology Association (LBTA) together with Go Vilnius – the city's official business and tourism development agency.

EFIB will also include a pre-conference science symposium "Gene Editing – From Research To Industry", followed by two day Forum discussing how Industrial biotechnology contributes to transforming sectors and addresses consumer choices and needs.

Are you interested in sponsorship opportunities?

EFIB offers an [opportunity for sponsor organisations](#) to achieve key objectives, including sector messaging and advocacy or products and services visibility. About EuropaBio

EuropaBio, the European Association for Bioindustries, promotes an innovative and dynamic European biotechnology industry. EuropaBio and its members are committed to the socially responsible use of biotechnology to improve quality of life; to prevent, diagnose, treat, and cure diseases; to improve the quality and quantity of food and feedstuffs and to move towards a biobased and zero-waste economy. EuropaBio represents corporate and associate members, plus national biotechnology associations and bioregions.
