

## Become a partner of European Biotech Week 2022

### PRESS RELEASE

**Brussels, Belgium – 6 April 2022**

Join us for the 10<sup>th</sup> edition of the European Biotech Week (**#EBW2022**) – an annual Week celebrating biotechnology and highlighting its role in everyday life. This year, the Week will be held from **26 September to 2 October 2022** across Europe.

Launched in 2013, EuropaBio's initiative brings all stakeholders - scientists, companies, academics, students and policymakers - together physically or online to celebrate biotechnology, address challenges for society and industry and find synergies for enhanced collaboration.

*"EuropaBio is proud to invite, once again, the biotechnology community to join our annual flagship campaign - European Biotech Week. In past years, biotechnology has led the way delivering bringing innovation, investment and excellence and has contributed immensely to healthier and more sustainable everyday life of European citizens. Biotechnology remains extremely important in addressing global challenges such as climate change and pandemics, and national priorities, such as security of food supply and medicines, that stem from conflict.", said Dr Claire Skentelbery, Director General of EuropaBio.*

### Get involved: link your event or submit a thesis

The key to the success of the European Biotech Week is the active involvement of organisations, companies, and individuals. Any school, university, museum, company, institution, association or organisation based in Europe is welcome to organise events as part of the Week.

You can become an official partner of European Biotech Week by [linking your event](#) to the Week - either during the Week or one week before or after. We will provide you with communications materials, list your event on the European Biotech website and promote it on our social media channels.

If you are a **student or a recent graduate** you can take part in the Week by [submitting your thesis](#) on Industrial or Healthcare biotechnology topics. The Essay Competition is open to EU or Ukrainian citizens (or permanent EU residents) up to the age of 35. The winning essays will receive €1000 or €500 prizes. More details in the [Rules, Terms and Conditions](#).

### European Biotech Week 2021

Despite the uncertainties due to the COVID-19 restrictions, European Biotech Week 2021 was a great success, with over 100 events (on-line, on-site and hybrid ones), hosted by over 120 partners, in 15 European countries. **Watch the highlights video** [here](#).

### About EuropaBio

EuropaBio, the European Association for Bioindustries, promotes an innovative and dynamic European biotechnology industry. EuropaBio and its members are committed to the socially responsible use of biotechnology to improve quality of life; to prevent, diagnose, treat, and cure diseases; to improve the quality and quantity of food and feedstuffs and to move towards a biobased and zero-waste economy. EuropaBio represents corporate and associate members, plus national biotechnology associations and bioregions.
