

## #EFIB2023 registration is now open: get your ticket today and benefit from the early bird fee

### NEWS RELEASE

**Brussels 10 May 2023**

EuropaBio invites you to [register](#) for the 16th edition of the [European Forum for Industrial Biotechnology and the Bioeconomy](#) organized together with local partners HollandBIO and ChemistryNL. On 24-25 October, EFIB brings you to cosmopolitan Rotterdam, at De Doelen ICC, a unique meeting place with a breathtaking view of the city center.

500+ professionals from across the value chain, including researchers, policy makers, regulators, SME representatives and global organisations are expected to meet and discuss advancements in industrial biotechnology and its contribution towards positioning Europe as a global leader in addressing societal and sustainability challenges.

The [two-days programme](#), includes inspiring plenaries, a start-up pitching hour, and thematic conference sessions ranging from food to sustainable finance and biomaterials – as well as new frontiers like biomanufacturing.

By participating in EFIB, you will be at the heart of the most relevant current policy and industrial debates in the European industrial biotechnology sector. A unique opportunity to boost your network, meet Europe's best SMEs, show your innovations to the world and discuss with businesses and decision-makers on the future of the European circular bioeconomy.

#### Are you interested in [sponsorship opportunities](#)?

EFIB offers an opportunity for sponsor organisations to achieve key objectives, including sector messaging and advocacy or products and services visibility. For more information please contact Alla Bokun - Sponsoring and Exhibition Management at [sponsoring@efibforum.com](mailto:sponsoring@efibforum.com).

EuropaBio, the European Association for Bioindustries, promotes an innovative and dynamic European biotechnology industry. EuropaBio and its members are committed to the socially responsible use of biotechnology to improve quality of life; to prevent, diagnose, treat, and cure diseases; to improve the quality and quantity of food and feedstuffs and to move towards a biobased and zero-waste economy. EuropaBio represents corporate and associate members, plus national biotechnology associations and bioregions.
