

## Vintura joins EuropaBio: Creating meaningful impact for patients and health systems

### PRESS RELEASE

**Brussels, 13 February 2025** - EuropaBio is excited to announce that Vintura has joined the association.

Founded in 2000, Vintura is a strategy consultancy dedicated to life sciences and healthcare. Its mission is to create meaningful impact for patients and health systems. With offices in the Netherlands, the UK, Germany and France, Vintura is a leading worldwide provider of holistic solutions for pharma and biotech, as well as care providers, payers and policy makers.

In joining EuropaBio, Vintura will further strengthen their network in the European biopharma industry whilst contributing to the dialogue around building a competitive and patient-centred healthcare ecosystem.

**Dr. Claire Skentelbery, Director General of EuropaBio** said *"Vintura brings a valuable voice for the role of patients and innovation within robust health systems. We have to bring all stakeholders together for Europe's healthy future and we are delighted that Vintura helps build advocacy strength."*

**Casper Paardekooper, Partner & Board Member at Vintura** had this to say *"We are excited to join EuropaBio, as we have very aligned missions. With a large number of EU policy changes happening (EU HTA, GPL, Biotech Act), it is critical to strategically prepare and collaborate."*

#### About EuropaBio

EuropaBio, the European Association for Bioindustries, promotes an innovative and dynamic European biotechnology industry. EuropaBio and its members are committed to the socially responsible use of biotechnology to improve quality of life; to prevent, diagnose, treat, and cure diseases; to improve the quality and quantity of food and feedstuffs and to move towards a biobased and zero-waste economy. EuropaBio represents corporate and associate members, plus national biotechnology associations and bioregions. Read more about our work at [www.europabio.org](http://www.europabio.org).
